

TAPPED-HEEL CLAMP STRAPS

INFO+: 190, 257, 297, 300, 302-303, 313-314 SEE PAGES FOR MATERIAL SPECIFICATIONS

**Stainless Steel
(Miniature)**

A complete clamp-strap assembly using (INFO+) a stainless steel Tapped-Heel Strap from page 255. Fixture Stud has a thread-locking interference thread at the bottom end to install permanently in a fixture plate. Standard assembly includes a Knurled-Head Screw. To order with a rear Clamp Rest instead, add "-1" to the part number (example: CL-3115-1). To order with a Leveling Foot instead, add "-2" to the part number (example: CL-3115-2).

ASSEMBLIES — STAINLESS, MINIATURE (INCH)
